A petition wes received, signed by Hans Frahm and others asking that Orange, Florence, Geneva, Wyoming and Abbey avenues, and Minerva, Dwinelle and Cynthia streets in the Abbey Homestead be declared open to traffic for the convenience of property owners in that part of the First township.

Mr. Frahm stated that the streets had been regularly opened when he purchased his property there but had since been closed.

The petition was referred to the district attorney.

A communication was received from Assemblyman Brown notifying the board that the late legislature had passed a bill introduced by himself appropriating $10,000 for building a road from Pescadero into the Big Basin park. The bill was in the Governor's hands and Mr. Brown recommended that the board pass a resolution urging that it be signed and made a law.

The District Attorney promised to prepare a resolution to be sent to Governor Johnson.

Communications were received from the San Francisco Chamber of Commerce and the Tri-Counties Association inviting the board to be present Wednesday morning at 9 o'clock at an inspection of San Francisco road that is to join the Bay Shore road in this county.

The invitation was accepted on motion of MacBain, seconded by Casey.

A communication was received from Treasurer Chamberlain, asking permission to leave the State to attend the encampment of Grand Army veterans at Reno, Nevada, June 9th, he being a member of the Grand Army of the Republic.

Permission was granted on motion of Blackburn, seconded by Francis.

A second communication was received from the State Highway Commission requesting the board to accept the offer of Daly City to dedicate the Mission Road within its limits to the county for the State Highway.

The road was accepted on motion of Casey, seconded by Blackburn.

Bids were received as follows for the construction of a reinforced concrete culvert near Beresford in the Second twonship.

Barrett and Hilp, $1427; extra concrete $9.50; time, 20 days.

On motion of Francis, seconded by Blackburn, the contract was awarded to A. Mattson.

MacBain reported that in company with the County treasurer he had examined the savings bank vaults at San Jose and had learned that two burglar-proof safes could be purchased for about $3000. He advised that two small ones be provided for the use of the Treasurer instead of one large one and that the office in the courthouse be suitably fitted up for use

MacBain's recommendation was accepted on motion of Casey, seconded by Blackburn.

Treasurer Chamberlain reported that after paying off the old road bond issue there remains in his hands a balance of $7795.35 for which there would be no use. He advised that it be transferred to another fund.

Barrett and Hilp, $2850; extra concrete, $10.50; time, 30 days.

After some consideration of the matter the contract was awarded to Neils Grouleff on motion of MacBain, seconded by Blackburn.

District Attorney Swart stated that the matureties of the county's road bonds would require that $352,000 worth be disposed of instead of $350,000 as voted at the last meeting. In accordance with this situation he presented a resolution rescinding the board's former action and authorizing the sale of bonds of the value of $352,000.

The resolution was adopted on motion of Francis, seconded by Blackburn and the clerk directed to advertise the sale of bonds.

The charges against Rupert Nelson, proprietor of the Cypress Lodge in the Second township were taken up.

District Attorney Swart presented the evidence of Under Sheriff Shields, Deputy Sheriff Parker and Joseph Smith who swore that Nelson's place was open as late as 12:30 on the night of May 10th and that liquor was served at that time.

Mr. Swart testified that he had frequently seen the place lighted up and evidently doing dusiness as late as 12:30. He read a petition containing the names of seventy-five residents of Belmont protesting against a renewal of Nelson's license.

At the request of John P. Willard, representing Nelson, the hearing was continued until 1:30 p. m.

School Superintendent Cloud presented a petition signed by residents of Purissima school district asking that that district be annexed to the Halfmoon Bay Union High-school disctrict.

The petition was accepted on motion of Blackburn. An election will be called to permit the Purissima citizens to vote on the question.

Stephen Throwell, representing the Easton Estate and Lomita Park, stated that the board's recent action of permitting the removal of trees in the First township was being abused. He recommended that where trees were a harm to the roads they be topped off to a height of about twenty feet.

On motion of MacBain, seconded by Blackburn, the board's former action was rescinded and the future removal of trees was referred to Casey.

The hearing on the application of Rupert Nelson for a liquor license at Belmont was resumed. John P. Willard, representing Nelson, asked for a continuance of two weeks.

District Attorney Swart consented to a continuance with the understanding that Cypress Lodge would be closed in the meantime. He had other evidence to present against Nelson and would ask that his license be revoked and that no license be again issued to him or to any other person at that place.

Willard was permitted to withdraw Nelson's application on motion of MacBain, seconded by Blackburn.

Mr. Swart then asked that a citation be issued to Maloney Brothers who have a retail beer establishment near Redwood City to appear at the next meeting and show cause why their class B license should not be revoked for violation of the law.

It was so ordered on motion of MacBain, seconded by Blackburn.

J. S. Hunter, the county game warden, presented an ordinance regulating the taking of game. After some discussion the ordinance was laid over until the next meeting, it being agreed that the open season for deer would be from August 1st to October 1st, which season would be adopted by the adjoining counties.

On motion of Francis, seconded by Blackburn, the surveyor was directed to accurately locate the county road between Miramar and Moss Beach.

On motion of Francis, seconded by Blackburn, the chairman was authorized to appoint an inspector on the bridge about to be built at Beresford.

On motion of MacBain, seconded by Francis, the surveyor was directed to examine the Merrill bridge near San Gregorio and at the next meeting report on its condition.

GRAMMAR-SCHOOL PUPILS WILL EXHIBIT HANDIWORK.

The fourth semi-annual manual training exhibit of the Redwood City grammar school under the direction of Principal Robert W. Mantz will be held in the assembly hall Wednesday afternoon and evening, June 18th. This will be the best exhibit yet given by the school and in its general arrangement and educational value will surpass the grammar school section of the recent Junior exhibition held in San Francisco.

Some of the special points in which the local exhibit will surpass the San Francisco exhibit are the book binding of the seventh and eighth grade girls under the instruc- of Miss Durham, the bead work of the sixth-grade girls, the Indian basketry and sewing of the fourth and fifth-grades under the instruction of Mrs. Thorpe and Miss Winter and the paper sloyd of the entire third grade under the instruction of Miss Kelting. The wood work of the fourth-grade boys, beginning in January last under the instruction of Mr. Abell deserves mention.

There will be complete sets of examination papers from the eighth to the second grades, also drawing papers.

The girls of the seventh and eighth grades will give exhbiits of cooking.

There will be a display of wood work from the boys of the eighth, seventh, sixth, fifth and fourth grades, indicating the extent to which they have profited by the convenience of the new manual training laboratory. The primary grades will have a large and varied display and will have some surprises for their friends.

The public is cordially invited, the admission is free and no articles will be for sale.

REDWOOD'S BALL PLAYERS GO TO SAN MATEO SUNDAY

Last Sunday the Panamanians fell before the Redwood team by a score of 2 to 1. It was the fastest game of the season and was not decided until the ninth when by a well placed hit over second by Torres of the Boys' Club, who was substituting for Swan, Castro scored from second. The features of the game were the batting of Turner and Torres who secured two hits each, and allowed but four hits.

Next Sunday Redwood will play San Mateo at San Mateo and a special rate of 25 cents for the round trip has been secured if 100 will go. Sign up at either Crosby's or Michael's pool rooms, or with Ray Griffin before Saturday noon, by which time the railroad company will have to be notified.

The Boys' Club again won Sunday morning, this time defeating the Western Meat Company of South City by a score of 5 to 2. The game was a pitchers' battle between Chaves and Steele, the former allowing but four hits, and after the first inning they could not touch him.

Next Sunday at 9:30 the club will play the Foresters' for the fourth time. This team is the only one that has defeated the Boys' Club who claim it can't be done again. Admission 10 cents, ladies free.

LOST LIFE SAVINGS

District of "these hyar newfangled savin' banks" cost an old negro man his savings of many years when his home was robbed while he and his wife were at church Sunday night and thieves took from a tin cracker box a roll of bills which he says amounted to over $100. The darkey, whose name is W. M. Stamps, found on returning from church that the front door of his house had been broken down and the little desk in which the money box was concealed had been dragged out in an adjoining alley.

WEEDS, LIGHT AND UPKEEP OF STREETS

Park Residents, Town Trustees and Citizens Have Talkfest and Obscure Questions are Ruled Upon

The Dingee Park Improvement Club Club was well represented at the meeting of the city council last Monday evening, a number of the members of that organization being present in quest of information on various subjects pertaining to local betterment. Not that that organization has any kick coming, but rather that they might assist in the general improvement of conditions, especially with reference to the care of improved streets. All of the trustees were present at the meeting, and each gave close attention to the suggesions offered by the resdients of Dingee Park.

By way of opening the discussion, the representatives of the improvement club desired to be informed as to the provisions of the ordinance requiring the removal of weeds from the streets and walks. In the way of reply to this query, Chairman Merrill stated that the law required indivdiual owners of property to see that weeds and similar obstructions were kept clear from the walks fronting their property and that every effort was being made to compell its observance and that in the majority of cases but little difficulty had been found with resident owners of property. It was admitted that the burden of caring for the roadways fell upon the city, but the chairman called attention to the fact that with the limited means at the disposal of the council but slow progress could be made. The members, however, were assured that every effort was being made to accomplish the desired results.

Another question brought up the seemingly little understood status of what are termed 'accepted streets," the reply to which was possibly not quite satisfactory. It was made as clear as possible that in a general way the cacptaance of a street by the city was far from a removal of responsibility for its future care from the shoulders of the owner, especially in the case of macadam streets. Chairman Merrill explained, as spokesman for the council, that in ordinary proceedure with improvements of this character the "acceptance" merely signified that the work specified had been properly completed by thecontractor, but that when conditions demanded or warranted a different character of pavement the work could be ordered at the cipense of the property.

Following this discussion a considerable time was devoted to a consideration of proposed changes and improvements in the street lighting system. In this connection members of the improvement club expressed satisfaction to the treatment of the Dingee Park section in the plans submitted by City Mechanic Werder, whose map of the new system was presented for discussion. While the general sentiment favored a complete change in the system used, changing from the multiple now in use to the more modern method of the series system, which was admitted to be the most economical in cost of operation and maintenance, the trustees expressed doubts as to the advisability of undertaking a work of this character with the limited funds provided under the bond issue for the improvement. In order to first determine this question it was decided to secure the advantage of expert advice and to this end Mark E. Ryan, the electrical construction contractor, was requested to make a personal inspection of the present system and submit an estimate of the cost of the necessary changes in construction, making use as far as possible of the material now in use.

Supervisor MacBain was given permission to use water from the city mains for the reconstruction of roads in his district lying near the city limits.

The California Gun Club was, on recommendation of Trustee Sampson given permission to shoot on their grounds within the city limits where blue rock practice is to be held.

At the suggestion of the chairman, the street superintendent was instructed to place concrete steps at the drinking cups of the public fountain in front of the grammar school for the greater convenience of small children.

City Attorney Mansfield submitted copies of traffic ordinances in force in several municipalities, and at his suggestion these were referred to the street committee for investigation with the idea of securing suggestions for a suitable ordinance of this character for this city.

It was decided that the streets recently paved with oiled macadam should be cleaned at least once a month and Street Superintendent Dickey was authorized to arrange for the doing of the work.

City Clerk Plump was authorized to advertise for bids for furnishing the city with two car loads of poles to be used in making the extensions to the street lighting system.

It was decided that each of the city employees should be given a vacation of 15 days during the summer, the date to be arranged later.

Street Superintendent Dickey was given authority to visit Los Angeles for the purpose of investigating the methods of oiled macadam road construction in that vicinity.

The old biblical saying "That there is no rest for the wicked," was fully exemplified in the Superior Court on Thursday when Rupert Karl Oscar Nelson was deprived of his citizenship by an order of the Superior Court on motion of the Assistant U. S. Attorney, Littleton, of San Francisco. Nelson was admitted to citizenship on April 29, last. On Monday his application for a license to sell liquor at a resort known as Cypress Lodge, near Belmont, was denied by the supervisors. It was shown that he conducted a disorderly place and was an unfit person to conduct the resort. About seventy-five residents of Belmont opposed the application in a lengthy petition to the board. The government hearing of Nelson's character at once began proceedings to have his certificate of naturalization revoked and on Thursday Littleton appeared in court and made the proper showing and his petition was granted cancelling Nelson's certificate of naturalization.

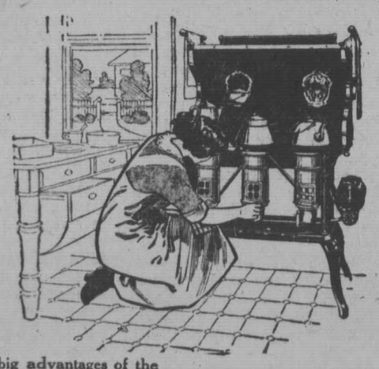
Expense Stops When Your Cooking Stops



That is one of the big advantages of the

New Perfection
WICK BLUE FLAME
Oil Cook-stove

When you are through cooking you simply turn out the flame. There is no waste of fuel. And yet you can have full heat again when it's wanted, by merely striking a match.

The NEW PERFECTION COOK STOVE is much neater and cleaner than an ordinary range; no dirty fuel; no ashes. Ask your dealer for the New Perfection Stove. It bakes, broils, roasts or toasts.
